

**Catholic College and University
Forum for Institutional Research
March 25, 2002**

Suggested Roundtable Topics

1. Identifying students religious backgrounds/practices in institutional records
2. Recruiting for diversity at a Catholic institution
3. Assessing the “Catholic Identity” (2)
4. Assessing ethics in the classroom
5. Embedding core values in the classroom/curriculum
6. Estimating Discount Rates
7. Assessing moral discernment, ethics, social capital, etc.
8. Promoting cooperation between Institutional Research and “Academic” Research
9. Translating the results of research for classroom use.
10. Ways of encouraging students, faculty and administration to work toward the common good of promoting the Mission and Values in Catholic Higher Education.
11. Student assessment areas of interest - General Education, educating students for justice, diversity
12. Institutional effectiveness areas of interest - 360 degree reviews, systemic change and campus climate surveys
13. A specific question: Are any schools considering using the planning-assessment process as an alternate format for their MSA self-study?
